# Financial and Operational Highlights

- 0.3c increase in NAV per share following an increase in the inflation assumptions partly offset by low cash generation in Q3 2021.
- Q3, 2021 generation was 38% below budget due to low wind resource in Ireland.
- Total gearing is 47.8% of GAV (including SPV level debt).
- Dividend of 1.515c per share with respect to Q2 2021 paid on 27 August 2021.

#### Investment Objective

The Company's aim is to provide investors with an annual dividend (6.06c target for 2021) that increases progressively whilst growing the capital value of its investment portfolio in the long term through reinvestment of excess cash flow and the prudent use of portfolio leverage.

### Summary Investment Policy

The Company is increasing its portfolio of renewable energy generation assets within the Euro zone. The key investment criteria include:

- A stable and robust renewable energy policy framework;
- Diversification through investing in a growing portfolio of assets across several Relevant Countries (including Belgium, Denmark, Finland, France, Germany, the Netherlands, Norway, Portugal, Spain and Sweden) and a mix of renewable energy technologies of up to 40% of GAV. Ireland remains a key country of focus with no less than 60% of GAV invested; and
- The Company will generally avoid using non-recourse debt at the asset level when acquiring 100% ownership; aggregate group debt will not be more than 60% of GAV at drawdown.
